Andrea,

After speaking with our City Manager and our Public Works staff, I am confirming that no changes are needed and we can proceed with our current design without any further investigation into the Ficus tree.

Thank you,

Hi Andrea,

I plan to speak with the City Manager tomorrow about this issue, but I do think we need a bit more time on our end to sort everything out. I will keep everyone updated.

Thank you,

Maria and team,
Just chatted with Stephanie regarding the meeting mentioned below and was wondering if this warranted conducting the PMT meeting this Thursday? Or perhaps the City/Library need additional time before we can fully understand any potential design/schedule impacts? Our understanding is that the east garden in on hold until the city arborist can come back with a recommendation.
Besides this issue, we have no other potential agenda items for Thursday.
Thanks,

Hi Suzi,

Can you please send us the Public Works comments we reviewed at the meeting on Thursday?

Also, Terrain will want to be involved in all discussions regarding the Ficus on the east patio. Can you let me know when you are planning to discuss this?

Thanks,

Jerrica Knight
